S. C. FRINK, DENTIST,

Office No. 4 Yohn's Block, Cor. Wash. & Meridian Sts.,
INDIANAPOLIS, INDIANA.

Would return his most sincere thanks to his friends and the public for their patronage of the past, hoping by a faithful performance of all work entrusted to him as a Surgeon or Mechanical Dentist, still to merit a continuance of the same.

He will be happy to meet, not only his old friends, but new ones—having added much to his facilities for the convenience and comfort of his numerous patrons, and also for the quick dispatch of all kinds of Dental work. From one tooth to a whole set inserted in a few hours. Every operation for the preservation and beauty of the human teeth, will be performed in the most careful and thorough manner.

CHLOROFORM GIVEN WHEN REQUIRED.

OFFICE HOURS FROM 8 A. M., TO 5 P. M.

Also, his celebrated

Oriental Tooth Powder,

For cleansing and beautifying the teeth, always on hand. Prices to correspond with the times, and all work warranted.

GLENNS' BLOCK,

INDIANAPOLIS, IND.

(See Engraving, opposite page.)

This new and elegant block, erected and owned by Wm. Glenn, H. Glenn, and R. P. Glenn, is situated on the south side of Washington, between Meridian and Pennsylvania streets, occupying the site of the old Browning Hotel, afterwards called the Wright House. It is three and a half stories high, being 68 feet front on Washington street, and extending back to Pearl street, containing three store rooms and eight offices; the side stores are $17\frac{1}{2}$ feet wide and 132 feet deep. The center store, known as THE NEW YORK STORE, is occupied by the proprietors of the block, W. & H. Glenn & Co., and is $32\frac{1}{2}$ feet in width by 132 feet in depth. This store is the mammoth dry goods establishment of the State. The offices are occupied by the city authorities, namely: His Honor the Mayor, City Treasurer, City Clerk, Civil Engineer, Street Commissioner, Chief Fire Engineer, City Attorney, City Marshal and Police, with a chamber for the meetings of the City Council. Store south of entrance in American Alley, is occupied by the Cincinnati Gas Fitting Co. The office, corner of Pearl street and American alley, is occupied by T. A. Goodwin, publisher of the *Indiana American*, the only evening paper in the city. One store, (that on the east), is occupied by Merrill & Co., dealers in law books, stationery, &c. The one on the west side is occupied as a shoe store by Cady & Co. The appearance of this block is very attractive, chaste and elegant, without a fault, and is an ornament to our main street. It was rebuilt at a cost to the Messrs. Glenn of forty-five thousand dollars.

GLENN'S BLOCK, INDIANAPOLIS, INDIANA.

INDIANA STATE JOURNAL

MAMMOTH STEAM Printing Establishment

**SOUTH-EAST COR. MERIDIAN AND CIRCLE STREETS,
INDIANAPOLIS, IND.**

INDIANAPOLIS & CINCINNATI

SHORT

LINE

RAILROAD.

Shortest Route by 30 Miles.

The only Route Without Change of Cars.

Three Trains leave Indianapolis daily, on the arrival of Trains from Peru, Lafayette and Terre Haute.

Through to Cincinnati in advance of all other Routes.

Connecting at Cincinnati with all the Great Eastern and Southern Railroad Lines, and with Steamers on the Ohio River.

The Line of the Indianapolis and Cincinnati Railroad commences at Indianapolis, the Capital of Indiana, and passing through the towns of

SHELBYVILLE, GREENSBURG, LAWRENCEBURG AND NORTH BEND,

(In view of the Residence and Tomb of the late General Harrison,) terminates at Cincinnati, the Queen City of the West.

This Road was projected with a view to accommodate the travel and traffic, which, coming from the North-West, seeks, through the Railroad City, (Indianapolis,) a direct avenue to the great Commercial Metropolis of the West.

For this purpose the two cities have been connected by a direct line of Railroad of uniform gauge, 110 miles in length, built in a style second to no other road in the Union, being first class in all its equipments for the transportation of passengers and freight in the shortest time and at low rates.

With favorable and reliable arrangements with all connecting Roads, throughout the entire West, this Line guarantees unusual care and the amplest accommodations to its patrons.

SLEEPING CARS ATTACHED TO ALL NIGHT TRAINS.

The Company's exclusive Telegraph Line is used, when necessary, to govern the movement of Trains, and Loughridge's Celebrated Patent Car Brakes are attached to all Passenger Trains, by which they can be perfectly controlled; besides all the other modern improvements necessary for the comfort and safety of Passengers, the managers of this road have liberally provided.

FARE THE SAME AS BY ANY OTHER ROUTE.

BAGGAGE CHECKED THROUGH.

H. C. LORD, President.

W. H. L. NOBLE, General Ticket Agent.

PERU & INDIANAPOLIS

RAILROAD.

This Road is seventy-three miles in length, runs through the center of Marion, Hamilton, Howard and Miami counties, and extends from Indianapolis to Peru, passing through the flourishing towns of Noblesville, Cicero, Tipton, Sharpville and Kokomo, connecting at Peru with the Toledo, Wabash and Western Railroad East for Toledo and Detroit, and West for Logansport, Delphi, Lafayette, and towns in Eastern Illinois. Also, connects at Kokomo with the C. & C. Air Line R. R. for Chicago, and towns and cities in the North-West. Connects at Indianapolis with

**MADISON AND INDIANAPOLIS,
TERRE HAUTE & RICHMOND,
Terre Haute, Alton and St. Louis, and
JEFFERSONVILLE AND INDIANAPOLIS,**

And the other numerous Railroads diverging from Indianapolis for all points South and West. This is the most direct route from Louisville and Southern towns to TOLEDO, DETROIT, AND MONTREAL.

FREIGHT AND PASSENGERS carried as low as by any other Route.

This is 62 miles shorter to the Lakes from Indianapolis than by any other road. This Company have excellent facilities for transporting **FREIGHT and PASSENGERS**, and the road is in good running condition and a safe and reliable route.

# SINGER'S Letter A Machine,

Is the best Machine in the World for Family Sewing and  
Light Manufacturing Purposes.

Price, [with Hemmer and beautifully ornamented,] \$50.

We would ask for our Letter "A" Machines, the special attention of Vest Makers and Dress Makers, and all those who want Machines for light manufacturing purposes. They embody the principles of the Manufacturing Machines, making, like them, the interlocked stitch, and are destined to be as celebrated for family Sewing and light manufacturing purposes as our Manufacturing Machines are for manufacturing purposes in general.

Family Sewing Machines are valuable in proportion to the number of things they can do well. See what ours can do before making a purchase.

There is no doubt as to the value of our Machines for manufacturing purposes, but it is only of late that the public began to learn that the essential elements of a machine best adapted to the heaviest work, would also be the elements to be embodied in a Family Machine. It is now well understood that our Letter "A" Machine is the only Family Machine yet offered to the public which has simplicity, rapidity, durability, and certainty of correct action. While, as a general thing, the sewing-machine people are candid enough to acknowledge that our machines are unequalled for manufacturing purposes, they are almost sure to assert, in the same breath, that Singer's Letter "A," or Family Machines, are not as good as theirs! This is a mere trick of the trade, and we confidently invite those interested in the subject to examine for themselves, and see what our Letter "A" Family Machines, with all the recent improvements, are capable of doing. While they will sew the most delicate material to perfection, as already stated, they are also adapted to light manufacturing purposes, and this, be it remembered, can not be said of any of the other Family Machines yet offered to the Public.

Office 3 Odd Fellows' Hall,  
INDIANAPOLIS.

[OVER.]

**GREAT REDUCTION IN THE PRICES  
OF  
SINGER & CO.'S  
STANDARD MACHINES,**

Well known to be the best for Manufacturing Purposes:

No. 1, Shuttle Machine, formerly sold at \$90, . . . Reduced to . . . \$70.

|        |   |   |                         |   |   |            |   |   |     |
|--------|---|---|-------------------------|---|---|------------|---|---|-----|
| No. 2, | " | " | formerly sold at \$100. | . | . | Reduced to | . | . | 75. |
|--------|---|---|-------------------------|---|---|------------|---|---|-----|

The Nos. 1 and 2 Machines are of great capacity and application for manufacturing purposes.

Our No. 3 Machines are especially adapted to all kinds of light and heavy leather work, in carriage trimming, boot and shoe making, harness making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest-sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table of these machines is 24 inches long, and the shuttle will hold six times as much thread as the shuttle of those used for tailoring purposes. The large machines work as fast as small ones.

We have always on hand, Binding Gauges, Silk Twist, Linen and Cotton Thread on spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold of the most inferior quality, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. A bad needle may render the working of the best machine almost useless. Our customers may rest assured that all our Branch Offices are furnished with the "genuine article."<sup>3</sup>

In case of small purchases, the money may be sent in postage stamps, or bank notes.

**✉** Correspondents will please write their names distinctly. It is all important that we should, in each case, know the Post Office, County, and State.

 All persons requiring information about Sewing Machines, their sizes, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

"I. M. Singer & Co.'s Gazette,"

Which is a beautiful Pictorial Paper entirely devoted to the subject.—It will be sent gratis.

 We have made the above reduction in prices with the two-fold view of benefiting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, badly made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine, are: certainty of correct action at all rates of speed, simplicity of construction, great durability, and rapidity of operation, with the least labor. Machines to combine these essential qualities, must be made of the best metal and finished to perfection. We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at rapid as well as slow rates of speed, but last long in the finest possible working order. Our machines, **AS MADE BY US**, will earn more money with less labor than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machines as a gift.

I. M. SINGER &amp; CO.,

458 Broadway, New York.

Wheeler & Wilson's Sewing Machines warranted for three years.

REDSTONE, BROS. & CO.,  
**Redstone Machine Works,**

Delaware Street, Opp. Cincinnati Freight Depot,

Have constantly on hand and for sale a large variety of Machines, for which they have the exclusive right to manufacture.

**PORTABLE STEAM ENGINES,**

Reapers and Mowers, Sawing Machines, Shingle Machines, Straw Cutters, Power Pumps, Single or Double Horse Power Saw Mills, and

**CHEAP HORSE POWERS,**

Can be supplied at the above Works.

**Every Machine Warranted.**

**CERTIFICATES**

Of some of our well-known citizens who have used the Redstone Sawing Machine:

INDIANAPOLIS, December 3, 1861.

This is to certify that we have been using Messrs. Redstone, Bros. & Co.'s Sawing Machine over six months, and find that it will accomplish easily an equal amount of work with less than one-fifth the power necessary to run a circular saw large enough to do the same kind of work, and we take pleasure in recommending it to those who have use for a Sawing Machine, easily adapted to hand or other motive power, on the farm or in the workshop.

OSGOOD, SMITH & CO.

BROOKVILLE, March 14, 1861.

*Messrs. Redstone, Bros. & Co.:*

We are well pleased with the Sawing Machine we got from you, it is certainly ahead of anything we have ever seen for cross-cutting timber. It cuts very rapidly and as true as a straight edge, and with less power than any other machine that we have ever seen.

MORGAN & MEANS.

INDIANAPOLIS, February 13, 1862.

*Messrs. Redstone, Bros. & Co.:*

GENTS: I have been using one of your Sawing Machines about three months, and do unhesitatingly pronounce it all that it is recommended, and would say that one-horse power is enough to run it. The cutting of wood with your machine is mere pastime—the handling of the wood being all that seems like work.

JOHN BUCHANAN.

INDIANAPOLIS, February 15, 1862.

*Messrs. Redstone, Bros. & Co.:*

GENTS: We are using one of your Sawing Machines and can recommend it as the best machine in use for sawing.

DAVID M. COMPTON,  
HIRAM KENWORTHY.

Many other references may be had by calling at the shop, where the machines may be seen.

The Wheeler & Wilson Hemmer is the only Hemmer that will Fell.

# WHEELER & WILSON'S SEWING MACHINES.

More than 81,000 of the Wheeler & Wilson Machines are in successful operation in this Country.

It is used universally—for all purposes. Families, Tailors, Hat Binders, Dressmakers, Shirt Manufacturers, in fact all who want a Sewing Machine that will do its work *well and rapidly*, use

## WHEELR & WILSON.

It is made light and strong--no superfluous parts to mar its beauty or distract the operator.

There is no purpose for which a Sewing Machine is required that will test its capacities in the same degree, as for Family Sewing—from the airy tissue and light Swiss to the heavy cassimers or coarse homespun. It is this peculiar adaptation to the use in a family that has won for the Wheeler & Wilson such a

## WORLD-WIDE REPUTATION,

And caused so many to be sold.

**Its mechanism is perfection.**

**Its appearance is elegant.**

**Its uses without limit.**

**Its admirers innumerable.**

Any person of ordinary capacity can, in an hour's practice, acquire a perfect knowledge of it. It is so constructed that the wear is but slight, the motion being rotary. It can be used an ordinary life-time without needing any repairs or a single part replaced.

**We Warrant all Machines Three Years.**

We invite all who want a Sewing Machine to examine and test the Wheeler & Wilson.

**WILLIAM SUMMER & CO.,**
